***Allowable Subject Matter***

1. The following is an examiner's statement of reasons for allowance: The prior art of record taken alone and in combination does not disclose "a method for imaging anisotropic media comprising "calculating an acoustic wave velocity at the selected points and determining an acoustic path length based on each selected point in the anisotropic media and the receiver position, determining a time delay for each acoustic wave between each selected point and the receiver position on the surface of the anisotropic media, calculating a sum for each selected point based on the acoustic wave velocities, the acoustic path lengths and the time delays; and generating an image of the anisotropic media using the sums generated for each selected point" as recited in claim 1. These limitations are neither taught nor made obvious by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jacques M. Saint-Surin whose telephone number is (571) 272-2206. The examiner can normally be reached on Mondays through Fridays 10:30 A.M. -7:00 P.M..

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Hezron Williams can be reached on (571) 272 2208. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
